

TRINITY VALLEY ELECTRIC COOPERATIVE

## Electric Right-of-Way Tree Trimming Notification

### To Whom it May Concern:

This notice is to inform you that \_\_\_\_\_ will be trimming trees in our right-of-way on your property.

Maintaining a clear right-of-way ensures more reliable electric service, prevents trees from causing damage to the electric lines and equipment, and maintains a safe environment for both the public and employees.

We have approximately 8,000 miles of line that service parts of Kaufman, Henderson, Van Zandt, Hunt, Anderson and Dallas Counties, and tree trimming for the entire system is on a five-year rotation. Because trees can grow up to three feet per year, we would like to trim as much as possible.

Please contact TVEC Contractor Coordinator Sam Grimes at (469) 376-2203 or grimes@tvec.coop for any special requests, including cutting trees all the way down to the ground or cutting as little as possible.

### Member Information:

Map #: \_\_\_\_\_ Meter #: \_\_\_\_\_ SO #: \_\_\_\_\_

I (We), \_\_\_\_\_ acknowledge receipt of this letter and do hereby authorize TVEC and affiliated contractors to enter my property and:

- Remove (cut down) trees and brush
- Cut and leave all brush, I will dispose
- Treat tree stumps with herbicide to prevent regrowth
- Treat trees and brush with herbicide to prevent regrowth and hereby release them from any and all liability.
